Returning now to the pet^rs Complaint,
it seems necessary that his

Sir,

Adverting to your memo No. 11 of the 7th instant regarding the petition of Venkata naranabhatta, vrittidar of Karvamanya Melhalli village in the Krishnarajpet taluk, I have the honor to submit the following report.

The Inam village of Gachamanahalli was retained under Government management towards meeting the cost of repairs to the Hemagini channel.

The vrittidars of the Devambaagrahar which comprises 18 villages including Gachamanahalli were called upon to nominate an agent to manage the affairs of the Agrahar villages. They selected one Venkataramiah who is also a vrittidar. The Deputy

Commissioner of Kaisan appointed him agent of Gachamanahalli and other villages of the Agrahar and he still continues to be the agent. The present petitioner first charged this individual with criminal breach of trust in 1885. Mr. Srinivasiengar, 1st class magistrate, after going into the case dismissed the complaint. Again in 1886 he accused the agent with criminal misappropriation of certain moneys. Mr. Nanjundiah, 1st class magistrate, enquired into the case and held the complaint to be of a civil nature. The petitioner then moved the District Magistrate to order further enquiry and the latter instructed the Sub-Division Officer to examine the accounts of the village on the revenue side to ascertain whether the petitioner was defrauded by the agent as alleged. The Amildar who was directed to examine the accounts kept by the agent, found them confused and consequently got them newly prepared by the agent himself. Though the petitioner was then allowed to go through the accounts, yet he was unable to point out the

The petitioner, who is one of the Vettidars, similarly complained some time ago that the agent had misappropriated some moneys collected by him, but as the enquiry made showed that that charge was not true, the Government, in order No. 650 P.T. 24-92 of the 13th July 1892, declined to remove the agent. The present complaint is a revival of the old one. No other Vettidar has complained but the petitioner, for his fresh cause accrued for the present complaint since the issue of the said order of Government.

A copy of the French Rocks Sub-Division Officer's letter No. 51 of the 15th July 1896, explaining more fully on the subject, is enclosed, as also the enclosures of the first of the references quoted above.

amount said to have been misappropriated by the agent. Thereupon the petitioner was left to seek redress in competent courts, and the papers were submitted to the Deputy Commissioner. The petitioner, however, appealed to Government. In reporting the above the Sub Division Officer submitted that none of the witnesses, save the petitioner, complained against the conduct of the agent. Thereupon the Government passed order No. 650 P.F. 241-92 dated 19th-20th July 1894 declining to remove the agent.

The security bond directed in the order was obtained from the agent and the same kept in the custody of the Sub Treasury as directed in Deputy Commissioner's memo No. 1885/3 dated 4th April 1895.

The petition now under report does not specify any fresh charges than those that have already been enquired into and finally decided. Further, there have been no complaints against the agent from any one else but the petitioner.

The petition under report together with

its accompaniments is herewith returned.

Genl. No. 6935
P.W.D. 99

Madras Commissariat Office
Bangalore, 2nd March 1864

To
The Superintendent of the
Cantonment Division

Sir,

In acknowledging your No. 3002/93 of the 18th December 1863, I am directed to state that the proposal made by the Deputy Superintendent and advocated by yourself meets with the Offg. Commissioners approval in so far as it relates to the preparation of a detailed estimate for the carrying out of the repairs to the Hennegherry Channel and to the requisitions, the necessary authority, which have already been devoted to that purpose with a view to the same being applied in part liquidation of the Cost entailed upon Government by having to undertake the repairs.

2. In taking the above measure into account as against a moiety of the Cost, the Offg. Comr. is of opinion that as almost the whole advantage to be derived from repairing the Channel will fall to the share of the Inhabitants who hold by far the greater portion of the land along its banks, the latter ought

&c.

to the Collector upon to pay a fair and equitable proportion of the remaining moiety of the cost the Government paying in proportion to the whole of the land which is reclaimed may be brought under cultivation in the succeeding repairs being satisfactorily executed and the Inundation in proportion to the land which is irrigable or at any rate irrigated from the channel.

2. In case of default or refusal, their supply of water as obtained by them in consequence of the carrying out of the repairs should be summarily and peremptorily cut off

4. The apportionment of the charges might be left to an equitably constituted Panchayet in which the Government should be fairly represented.

I have &c.
